

LOCAL NEWS.

TUESDAY EVENING, NOVEMBER 4.

Far this section fair weather, continued low temperature, southwesterly winds.

THE ELECTION IN THIS CITY, though one of the most hotly contested ever held here, was conducted in a comparatively quiet manner, and though the polls of the different wards have been crowded throughout the day by the partisans of both Gen. Lee and Mr. Hume and much whisky distributed, the disorders have been few and of a trivial nature. Last night the democratic headquarters were thronged till late hour by the friends of Gen. Lee, and the greatest interest was manifested by all who desire to see him become his own successor. Mr. Hume's headquarters were also besieged, early and late by an equally anxious throng, who were encouraged by speeches from their own men. John T. Sweeney, James McCuen, and others. To-day both parties have used every exertion to bring out the entire vote of the city, and carriages and buggies have been running all day transporting suffragans to the polls.

The following shows the number of votes cast up to half-past one o'clock this evening: First Ward, 438; Second Ward, 367; Third Ward, 559; Fourth Ward, 563. The indications are that Mr. Hume will carry the city by a handsome majority.

SALE OF LOTS.—The Northwest Alexandria Improvement Co., (see advertisement in this paper) will offer at public sale on the 11th, 12th and 13th inst., on their grounds, a number of beautiful building sites. Their property is adjacent to the northwest limits of the city. At this sale, purchasers will have the opportunity of getting first-class suburban lots at low figures on small payments. The building of an electric railway through this property by the Alexandria and Fairfax Passenger Railway Co., will make these lots very desirable, and investors should not let the days of sale pass without putting money in at least one lot. This move, on the part of the North West Company, is for the good of all; the merchant, the lawyer, the butcher, the baker, the miller, the mechanic of every trade, the manufacturer, the tax gatherer, the doctor, and his wife, but not least, the investor; all will be more or less benefited. To make this sale of lots a great success, let every citizen, no matter of what trade or calling, appear and be present at the sale, thereby making it known to all the strangers who come here on that day that this city is not dead, but that life, nerve and energy is here and there, and time willing, she will yet be known as one of the most progressive and beautiful cities of the State. Remember that this is one of our opportunities. Other towns and cities of the State have had big boom and why not Alexandria? The little village of Buchanan a few days since had a sale of lots that ran up to the hundred thousands. Alexandria to-day has tented the advantage in every way over the place named, and if we only keep on the alert, will get twenty times as much as profit from the sale of the North West Company's lots. Remember the dates of sale, and be on the ground, if only to show your interest in your own welfare.

MR. WHEAT ASSAULTED.—Owen W. Thomas, Jr., was committed for court by Justice Banner of Baltimore yesterday to answer the charge of assaulting Milton M. Wheat, and also the charge of carrying a dangerous weapon. The assault occurred in the Western Union station, and but for the fact the office was close at hand it might have resulted seriously, as Mr. Thomas drew a pistol and a cowhide with him. Mr. Wheat was the first to enter the police station. He rushed in and asked for protection from Thomas, who entered a few seconds later, and in a quiet manner said that Wheat had married his sister; that the trouble was only a little family affair, and that there was no need for Wheat to seek police protection. Wheat thought there was, and insisted on having Thomas placed under security to keep the peace. Thomas was being led before Justice Banner, when he suddenly turned and struck Wheat in the face, almost breaking his nose. A divorce case is now pending between Mr. and Mrs. Wheat, and this caused the assault.

THE GRAND FAIR at Armory Hall for the benefit of the Alexandria Infirmary, opened last night with a large attendance, and the two lots were quite gratifying to the lady managers. The booths are artistically decorated and present a very pleasing appearance. Notably so is the thatched cottage, the two boudoirs, the old-time kitchen, the dinner table, the railroad table, which consists of engine and car attached, &c. But we haven't room to enumerate. They are all unique in design and beautiful in decoration. The musical entertainment by Prof. Schmitt's juvenile orchestra added much to the pleasure of the evening. Mr. George O. Graves, Jr., gave several recitations in excellent style, the humorous being particularly well received. To-night the musical programme will be vocal selections by Messrs. Buchanan and Hancock, also a fairy drill from the performance of Snow D. op, under direction of Miss Avery.

POLICE REPORT.—Last night was clear and cool with four prisoners and seven barges at the station house.

The Mayor this morning disposed of the following cases:

Cartwright & Co., for being drunk and disorderly; three white men on the same charge and R. B. Arnold, for an assault on Jas. Dunne, were fined \$2.50 each.

Wm. Brent, colored, for an assault on a little girl, was fined \$1.

Harry Breen and Alford A. Rington for fighting, had their case continued.

The case of two wagon drivers arrested for fighting was dismissed, the aggressor paying costs.

THE HOWARD CASSARD.—The steamship Howard Cassard, which is being built by the Monumental Construction Company at Ramsey's shipyard, Baltimore, will be launched about 1 o'clock tomorrow. The event will be of great importance to her builders and to her designer, Mr. Robert M. Fryer, formerly of this city, and of great interest to shipbuilders generally, for if she comes up to the expectations of her promoters there may be a revolution in steamship construction. The Cassard was commenced May 1, and it has been pushed with great energy, and it is said she will be ready to make her first trip in about one month.

Miss Annie Albrand left here this morning for New York, where she will make her home with relatives.

Mrs. Kate Wright, of Chicago, and her daughter, Mrs. Oummanle, are spending the fall at Miss Mason's boarding house, King street.

Miss Beale Scott is on a visit to Miss Bessie Carter on Washington street.

Miss Daisy Stiller has returned from Philadelphia after a delightful visit of several weeks.

Mrs. Hendrickson and daughter have returned from Dear Park, Md.

Figures.—In the northwestern part of the city last night two young colored men named Dick Parker and John Wright got

into a difficulty over a game of crap which resulted in Wright being badly cut about the neck and back by Parker.

Several fights occurred last night, the result of the too free indulgence in liquor, which has been flowing freely during the latter days of the campaign. None of them resulted very seriously, however, but in several cases arrests were made.

LADIES' FAIR.—The fair to be given next week under the auspices of Golden Light and Talisman Lodges, I. O. G. T., at Armory Hall, for the benefit of the entertainment of the Grand Lodge of Good Templars, promises to be a success in every particular. The committee will have a musical treat each night and the Alexandria Light Infantry will give an exhibition drill for a gold medal. There will be a contest between the Washington Pythians and those of this city, as to the best drilled company. Miss Nolan, of Washington, the talented contralto of St. Matthew's choir, will also be present, and other musical talent from this city and Washington have been engaged.

RESIGNED.—Assistant Naval Constructor Lewis Nixon has resigned to accept a position as naval architect with Wm. Cramp & Sons of Philadelphia. Mr. Nixon, who is a native of Leesburg, has been eleven years in the naval service, has been carefully educated at the great naval works in England, and for some months has been attached to the construction bureau in Washington engaged in the work of designing the new naval vessels.

A QUICK ANSWER.—One lady to another, while reading the GAZETTE: "I declare; what are we coming to? If here isn't a colored shoemaker actually running for Congress! What in the world can be made there?" "Make the Congress gaiters, of course," was the quick response.

DEATH OF MRS. ESKIN.—Mrs. Eskin, wife of Mr. George Eskin, until recently a resident of the Publick neighborhood, Fairfax county, died at Cave Addition, Ala., on Sunday, October 26th. She had many friends in this city and vicinity who will regret to learn of her death.

CONFEDERATE VETERANS.—R. E. Lee Camp, C. V., met last night with Commanders W. A. Smoot in the chair. Only business of a routine character was transacted. Two new members were elected and one application received.

The funeral of the late Sydney Lyles took place from his late home on South Fairfax street, this afternoon, and was attended by many friends, including Mr. W. H. Greenwell's division of Washington school. Rev. Messrs. Mercer and Suter conducted the services and the interment was in B'nai B'rith cemetery. The pall bearers were young men—Messrs. Allen W. Field, Charles Crook, Samuel Fisher, Samuel Nichols, of Washington, Harry Fisher and Edgar Warfield, Jr.
